

Plaintiff
George YANTO
VS
Defendant
You Tube / Google

3:16-cv-971

Dear Judge Gibney or Judge presiding over this case.

This case is in relations to case number 3:16 cv 756. I'm suing Youtube / Google for enabling my intellectual property to be compromised and stolen. I'm suing this company for allowing individuals, including individuals in relations to case 3:16 cv 756 to harass and defame me. Allowing my personal records to be compromised and photoshopping my face on a body ~~getting~~ doing on inappropriate acts in commentary. They enable people to defame my character by keeping videos that don't follow their guidelines, just to ~~to~~ continue the banter and harassment, they enable these people to continue the cyber stalking, with material not transformative and non parody to spread hate and slander my reputation. I've asked for cease and desist on the material and ask them to remove it. Their response saying its fair use.

UNITED STATES EASTERN DISTRICT
of VIRGINIA, Richmond, Division 12/12/16

Continued Page 2

Fair Use doesn't constitute harassment.
I'm starting a case against them
respectfully ask the courts for
my material that is used being in
the negative light to be removed.
I'm also asking monetary value
from youtube of million dollars
for pain and suffering and for
any pending attorney cost. They
have allowed this harassment so
I'm suing them for enabling
them mentally ill people for
continuing the banter and the defamations.
Please follow through with this request.
I'm asking for the courts to
try this case along with the one
already pending. Thanks for your
cooperation in this trying and
difficult matter.

Sincerely
George YARD
