Rider A,

COMPLAINT

Plaintiffs,

-against-

FACEBOOK, INC.,

Defendant.

----- X

Plaintiffs, complaining of the defendant, by their attorneys, THE BERKMAN LAW OFFICE, LLC, allege for their complaint, upon information and belief, as follows:

INTRODUCTION

1. This is an action against Facebook, Inc. (“Facebook”) for an injunction requiring the defendant to stop allowing Palestinian terrorists to incite violent attacks against Israeli citizens on its internet platform. The plaintiffs are 20,000 Israelis who, since October 1, 2015, have been living in the crosshairs of a murderous terrorist rampage carried out by terrorists who attack people with knives, axes, screwdrivers, cars and Molotov cocktails for no reason other than that the attacker perceives the victims to be Jewish (“Terror Attacks”). Many of these murderers were motivated to commit their heinous crimes by incitement to murder and the glorification of violence against innocent civilians they read on Facebook—demagogues and leaders exhorting their followers to “slaughter the Jews,” and offering instruction as to the best manner to do so, including even anatomical charts showing the best places to stab a human being. In this matter, the defendant is far from a neutral internet platform, as it is Facebook’s algorithms that connect the terrorists to

the inciters, and Facebook often refuses to take down pages filled with incitement to murder. While in some instances Facebook may not technically be considered the “speaker” or “publisher” of such incitement, its status changes when it actively assists the inciters to find people who are interested in their hateful messages. By brokering connections between terrorist inciters, including recognized terrorist organizations, and potential followers, recruits, rank-and-file terrorists and violent criminals, Facebook is introducing the people who scream “fire” in a crowded theater to arsonists. Just as “fighting words” are not protected speech, Facebook’s conduct is indefensible and must be ended.

2. Many of the terrorists who have attacked Israelis over the last several weeks were responding to inciting posts on Facebook calling on them to slaughter Jews and providing detailed instructions on “how to” do so. Some of the terrorists announced their intentions on Facebook just before going out to attack, making statements like “I want to become a martyr,” and “the Third Intifada has erupted.” These attackers have been glorified *en masse* as martyrs through Facebook, thereby inspiring numerous others to follow in their footsteps.

3. Facebook has the technical ability to monitor the material that appears on its websites. Instead of using that data to actively direct those who are most interested in carrying out Terror Attacks to the incitement that will lead them to their goal, and instead of introducing the inciters to people who are interested in murder, Facebook should be held accountable to remove these hateful messages immediately upon being posted and cease making such introductions, and shut down the Facebook accounts of recognized terrorist organizations and terrorists.

THE PARTIES

4. Plaintiff Richard Lakin is a 76-year old dual American/Israeli citizen who was born and raised in the greater Boston area. Plaintiff Richard Lakin moved to Israel along with his wife and children in 1984. Plaintiff Richard Lakin is currently in critical condition with life-threatening

injuries, after having been shot and stabbed by Palestinian terrorists in an October 13, 2015 Terror Attack on Jerusalem Bus No. 78.

5. In the Jerusalem Bus No. 78 attack two Israelis were murdered and more than 20 were wounded.

6. Plaintiff Micah Lakin Avni is a dual American/Israeli citizen and the adult son of Plaintiff Richard Lakin.

7. The remaining plaintiffs are 20,000 citizens of Israel, who have been and continue to be targeted by a campaign of incitement to murder carried out and promoted through Facebook by Palestinian terrorists intent on carrying out Terror Attacks.

8. All of the plaintiffs are presently threatened with imminent violent attacks that are planned, coordinated, directed, and/or incited by users of Facebook with the knowing and intentional support and assistance of Facebook. Each of the plaintiffs fears for his life and safety as well as the lives and safety of their families and neighbors. The threat of being killed or seriously injured in the random terrorist attacks has spread to every sector of Israeli society. Barely an hour goes by in Israel without the report of another attack or attempted attack against civilians. So pervasive is the fear of terrorist attacks that few Israelis venture outside of their homes, schools or offices. Schools and colleges across Israel have bolstered security on their buildings and campuses. Moreover, Israel has deployed thousands of additional police officers and border patrol troops in its cities, malls and bus stations. Former army and police officers are being urged to carry weapons with them, and stores that sell civilian self-defense equipment such as pepper spray report being unable to keep up with the massive demand.

9. Upon information and belief, the defendant Facebook, Inc. is a corporation organized and existing pursuant to the laws of the State of Delaware, which conducts business

throughout the United States and the world, including Israel, and maintains offices in both New York and Israel, and innumerable other places.

FACTS

The October 2015 Terror Attacks

10. On October 1, 2015 Palestinian terrorists murdered a young couple, Eitam and Na'ama Henkin, in a brutal roadside shooting attack on their vehicle while they were driving home from a social gathering with their four young sons in the back seat.

11. Following the Henkins' murder, Israel has been plagued with a wave of Terror Attacks.

12. Since the beginning of October 2015, these Terror Attacks have claimed the lives of at least ten Israelis, and dozens more have been injured.

13. These Terror Attacks have been carried out by young Palestinians, with the youngest attacker being just thirteen years old. The weapons of choice for these murders are knives, with axes, meat cleavers and screw drivers also being used.

14. These Terror Attacks have taken place in locations across Israel at various times during the day, leading all Israelis to fear for their personal safety and security whenever out in a public place.

15. Unfortunately, the list of Terror Attacks since October 1, 2015 grows daily:¹

- a) October 1, 2015, Nablus near Samaria – Rabbi Eitam and Naama Henkin murdered in a drive by shooting.

¹<http://mfa.gov.il/MFA/ForeignPolicy/Terrorism/Palestinian/Pages/Wave-of-terror-October-2015.aspx>

- b) October 3, 2015, Lion's Gate in Old City of Jerusalem – Aharon Banita-Bennet and Rabbi Nehemia Lavi killed in stabbing attack. Mr. Banita-Bennet's wife and two year old son were injured in the attack.
- c) October 4, 2015, Old City of Jerusalem – Moshe Malka was stabbed and wounded on his way to pray at the Western Wall in the Old City in Jerusalem.
- d) October 7, 2015, Petach Tikvah – Israeli man wounded in Knife attack at shopping mall.
- e) October 7, 2015, Lion's Gate in Old City of Jerusalem – Israeli man wounded in stabbing attack.
- f) October 7, 2015, Kiryat Gat – Terrorist stabbed IDF soldier, grabbed his gun and then attacked Israeli woman who managed to flee.
- g) October 8, 2015, Tel Aviv – Female IDF soldier and several others wounded in stabbing attack.
- h) October 8, 2015, Jerusalem – Two injured in stabbing attack at light rail station.
- i) October 8, 2015, Kiryat Arba – Man seriously wounded in stabbing attack.
- j) October 8, 2015, Afula – Israeli soldier wounded in stabbing attack.
- k) October 9, 2015, Jerusalem – Israeli boy injured in stabbing and beating attack.
- l) October 9, 2015, Afula – Attempted stabbing of security guard at Central Bus Stations.
- m) October 9, 2015, Kiryat Arba – Israeli police officer stabbed; terrorist attempted to grab his gun.
- n) October 10, 2015, Damascus Gate in Old City of Jerusalem – Two Israelis wounded in stabbing attack.

- o) October 10, 2015, Damascus Gate in Old City of Jerusalem – Two Israeli police officers wounded in stabbing attack.
- p) October 11, 2015, Maaleh Adumim-Jerusalem Highway – Police officer lightly injured in terrorist bombing attack.
- q) October 12, 2015, Lion's Gate in Old City of Jerusalem – Attempted stabbing.
- r) October 12, 2015, Jerusalem – Israeli policeman injured in stabbing attack.
- s) October 12, 2015, Jerusalem – Two Israelis, including 13 year old boy, seriously wounded in stabbing attack.
- t) October 12, 2015, Jerusalem – Israeli soldier wounded in stabbing attack and terrorist attempted to seize soldier's gun.
- u) October 13, 2015, Raanana – 5 injured in two separate stabbing attacks.
- v) October 13, 2015, Jerusalem – Two Israelis killed and 15 wounded, including plaintiff Richard Lakin, in combined stabbing and shooting attack on Bus No. 78.
- w) October 13, 2015, Jerusalem – Israeli killed and five others wounded in vehicular ramming attack.
- x) October 14, 2015, Jerusalem – Two injured in stabbing attack.
- y) October 14, 2015, Jerusalem – Woman injured in stabbing attack outside Jerusalem's Central Bus Station.
- z) October 16, 2015, Hebron – IDF soldier wounded in stabbing attack carried out by terrorist disguised as photojournalist.
- aa) October 16, 2015, Jerusalem – terrorist attack foiled after police officers discovered explosive device at checkpoint.
- bb) October 17, 2015, Jerusalem – Attempted stabbing of border police officers in Jerusalem.

- cc) October 17, 2015, Hebron – Two IDF soldiers wounded in separate stabbing attacks.
- dd) October 17, 2015, Kalandiya Checkpoint – Attempted stabbing of police officers.
- ee) October 18, 2015, Beer Sheva – IDF soldier killed and 10 Israelis wounded in combined stabbing and shooting attack at Central Bus Station.
- ff) October 20, 2015, Hebron – one Israeli wounded in a stabbing attack and one Israeli run over and killed by a truck after his vehicle was stoned.
- gg) October 20, 2015, Gush Etzion junction – Two Israelis lightly wounded in a car ramming attack.
- hh) October 21, 2015, Yitzhar – attempted stabbing attack.
- ii) October 21, 2015, Ofra – Israeli policeman injured in car-ramming attack.
- jj) October 21, 2015, Adam Junction – Israeli soldier critically wounded in stabbing attack.
- kk) October 21, 2015, Hebron – At least four injured in combined stoning and car-ramming attack.
- ll) October 22, 2015, Beit Shemesh – 18 year old seminary student stabbed by terrorists outside synagogue after failed attempt by terrorists to board school bus carrying children on the way to school.
- mm) October 23, 2015, Beit El - an Israeli family of five, including a four year old child, was grievously injured in a fire bomb attack on their car.

The Rampant Incitement to Terror and Murder on Facebook

16. These attacks and numerous others are part of a new terror campaign driven by social media in which terrorists incite, enlist, organize, and dispatch would-be killers to “slaughter Jews.” This campaign is being directed by terrorist organizations and the Palestinian leadership.

17. On October 19, 2015, Israeli Prime Minister, Benjamin Netanyahu, explicitly identified Facebook as the driving force in the current wave of murderous attacks and described the phenomenon as “the integration between extremist Islam with the Internet; Osama Bin Laden meets Mark Zuckerberg.”

18. The Prime Minister noted that the incitement on Facebook is not random; it is being directed and sourced from certain unscrupulous leaders in the Palestinian Authority, Hamas, and the Islamic Movement in Israel (the Israeli branch of the Islamic Brotherhood terror organization in Egypt and elsewhere).

19. By way of illustration, on October 1, 2015, a prominent member of the Fatah Central Committee, Mahmoud al-Aloul, posted to his Facebook page a video showing armed fighters from the Al-Aqsa Martyrs’ Brigade set to music encouraging listeners to give their lives for the Al-Aqsa Mosque. A few days later, on October 5, 2015, al-Aloul posted on his Facebook page: “We were brought up on the expression ‘potential Martyrs’ and whoever loves the *Shahada* [seeking martyrdom] is not afraid of the settler herds [euphemism for Jews], who will vanish sooner or later.... Blessings to a mighty gigantic people.” He concluded this post with an explicit order to his followers and Facebook friends: “#let’scontinuetheattacks.”

20. The young Palestinian perpetrators of these attacks have heeded these calls to action.

21. They are Facebook users who, through their Facebook pages, groups and networks, receive motivation, advice and directions (referred to collectively herein as “Incitement”) about how to carry out attacks against Jews and who further disseminate this Incitement on their own pages. This Incitement is purposefully disseminated through Facebook by designated terrorist organizations and their cohorts.

22. The Incitement is in the form of videos, photos, diagrams and text containing detailed instructions on how to achieve the maximum bodily harm and create the most lethal weapons.

23. Such instructional material has been posted under headings like, for example, “The Intifada Has Started,” “The Third Intifada,” “The Knife Intifada,” “Poison the Knife Before You Stab,” and “Slaughtering the Jews.”

24. These instructional materials have appeared on the Facebook pages of groups and businesses, some of which are linked to designated terrorist organizations such as Hamas and the al Aqsa Martyrs Brigades, which purposely use Facebook as a platform to distribute their hateful messages. Below are some graphic examples:

- a) The Hamas-owned news portal alresalah.net posted an image on its Facebook page of a youth holding a knife walking towards two religious Jews at a Jerusalem bus stop with the “Knife Intifada” hashtag.

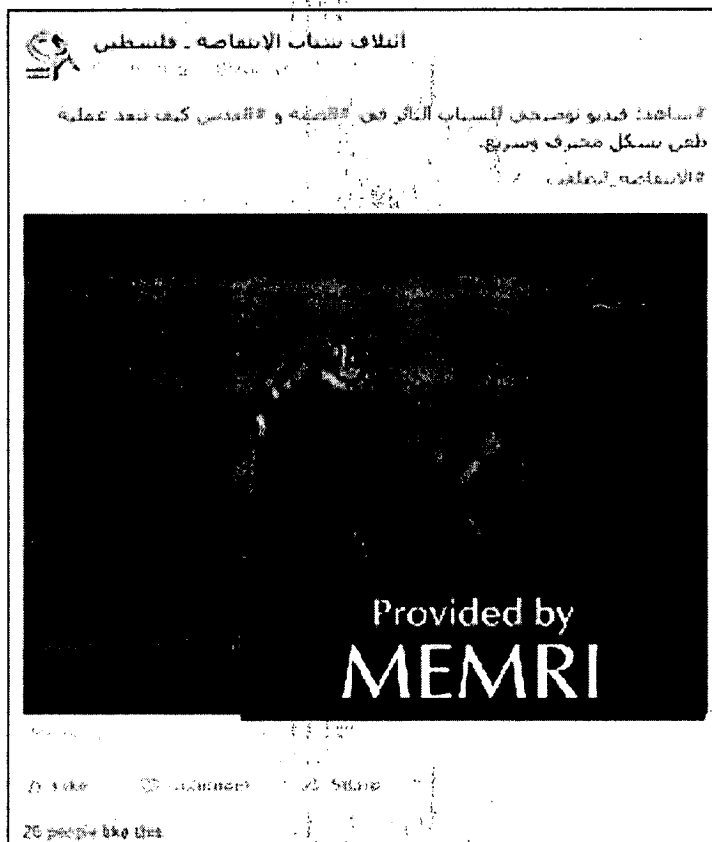

- b) A cartoon on the Facebook page of the news portal “Palestine Now” shows a Palestinian making a victory sign with his fingers, drawn as two knives.

c) A Facebook page titled “Mobilize the Third Palestinian Intifada” depicted a bloody knife in the shape of a map of Palestine, superimposed over an image of a rifle and set next to the al-Aqsa mosque; with the caption “The methods are different. The goals are the same” and the hashtag “The Intifada Has Started.”

- d) Multiple Facebook pages, including a Facebook page titled “Intifada Youth Coalition – Palestine” posted a video demonstrating how to carry out a deadly stabbing.

25. These Facebook group pages have hundreds of thousands of followers or more. According to a Times of Israel report, “Facebook pages such as Quds News Network (3.6 million followers on Facebook, 264,000 on Twitter); Shehab News Agency (4.1 million followers on Facebook, 99,000 on Twitter), and Urgent from Gaza (282,000 followers on Facebook) flood Palestinian computer screens with gruesome images of dead Palestinians and caricatures encouraging more attacks, often accompanied by a hashtag ordering “stab!” or warning “al-Aksa is in danger!”

26. The Palestinian terrorists also use their individual Facebook pages to post graphic images calling for violence against Jews and Israelis, to mobilize their friends, advertise when they are about to carry out an attack and to praise, honor and glorify those who have already carried out attacks.

27. Images that have appeared on the personal pages of Facebook users under the hashtag “Knife Intifada,” include a bloody knife against the backdrop of Jews waving Israeli flags with the caption “We are coming to slaughter you. Allah bless the men of resistance.”;

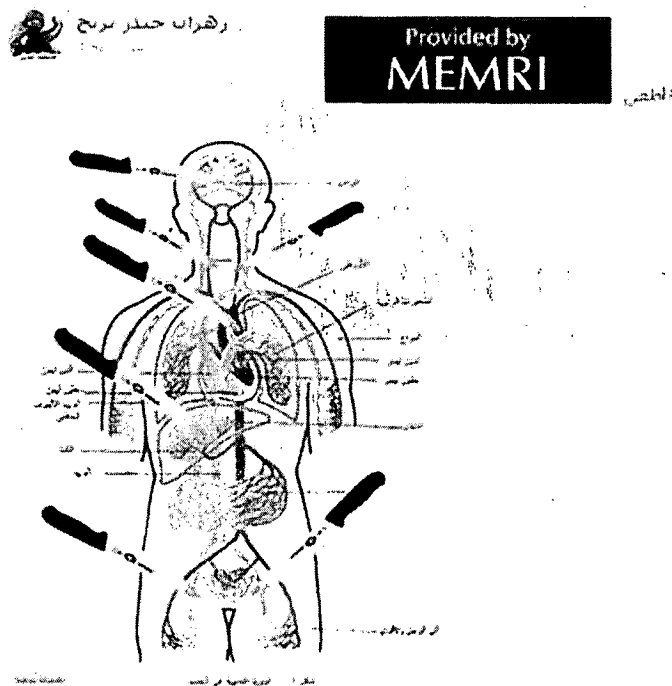

An adaptation of the Facebook logo showing a hand holding a knife piercing a blue Star of David, emphasizing the terrorists’ reliance on the support of Facebook;

and a cartoon image of a Palestinian stabbing an IDF soldier armed with a rifle and the al Aqsa Mosque in the background.

28. Other hashtags employed by Facebook users to accompany posts inciting violence against Jews, include an order to “Stab,”

and “Third Intifada.”

29. Facebook posts have included practical tips on how to make attacks more deadly, including which part of the body to target, how to approach the victim and escape, suggesting dipping the knife in poison to create a more deadly weapon, or using syringes filled with poison.

30. One such post was directed "To the heroes of knives who intend to strike at the occupying soldiers: Anoint the knives with a poisonous substance – thus you will cause an infection in the victim and they won't be able to stitch the wound. Spread this knowledge."

31. Posts on Facebook have included specific calls to action, including, "Every young person who doesn't go has no honor;" "At 8 p.m. at the entrance to Qalansuwa, come masked. This has deliberately been organized at a late hour so that they won't be able to identify us. We will ask them to turn off the city lights so we won't be identifiable, we will set the area on fire;" and "We demand that our young people arrive at the Shuafat camp so thousands attack the crossing." One such post is depicted below.

الساعة 20:00 اليوم امام بلدة قلنسوة
حبينا نخليها في وقت متأخر عشان ببقاش كلشي مبين
بس الكل يكون ملثم واللي بدو بييجي بييجي
اللي بييجي يجيب بريستول ويكتب علي اشي
ورح نطلب من انهم يطفقوا اضاواو البلد لحتى ما يكون الكل
مبين ورح نشعلها

32. Another post instructed readers to attack Jewish travelers: “Check vehicles very carefully. Attack any Jew who passes. We don’t want to see them.”

33. The Incitement appearing on Facebook described above, calling for the murder of Jews and explaining how to accomplish this, has directly led the specific terrorist attacks listed herein.

34. For example:

- a) A Facebook Page titled “Jerusalem Now” posted a “how to” video on how to stab a soldier and snatch his weapon

At least three terror attacks in the last two weeks have been carried out by terrorists who in fact, stabbed soldiers and seized or attempted to seize their weapons.

- b) One terrorist, Subhe Abu Khalifa, stabbed and wounded two Israelis after seeing a video glorifying a different stabbing attack.

- c) Another terrorist, Tarek Yehiye, who stabbed an IDF soldier in Afula on Oct. 8, 2015, told Israeli police that after seeing a social media clip calling for attacks on Jews, he bought a knife and went to Afula to stab a Jew.
- d) Other terrorists interrogated over the recent weeks have similarly confessed that they carried out their attacks in response to various Facebook posts that were delivered to their computer screens.

35. As a direct result of these daily Terror Attacks which Facebook inspires and encourages through the Incitement on its website, each of the plaintiffs herein is forced to live in real fear of imminent Terror Attacks which could take place anywhere and at any time of day.

36. According to the Mayor of Jerusalem (where so many of the terrorist attacks are being perpetrated), Nir Barkat, "When they interrogate the terrorists, what we see is young people who are incited to a level I have never seen before, and you see that they seek to harm innocents and listen to no one except Facebook and Twitter."

37. Former Israeli Ambassador to the United States Dore Gold explained that whereas ten years ago, terrorist organization Hamas would publish a booklet in print with limited impact, today, the same publication can be posted to Facebook and widely disseminated to rapid and devastating effect.

The Role of Facebook in Spreading This Murderous Incitement

38. Facebook is a social media platform that provides "Services" to its users, all of whom must consent to Facebook's terms and conditions. It allows users to create personal pages with information about themselves, including geographic information, interests and photos. Users create networks of friends with whom they share personal posts. These posts can be in the form of a photo with a caption, sharing a web link or a news article from another website, endorsing or

“liking” a product, promoting a Facebook business or group page, etc. Users can also like and share friends’ posts, thereby exposing these posts to new networks.

39. Facebook allows its users to create special “group” pages to promote themselves, their interests and business endeavors. When creating one of these “group” pages, users are asked to choose a category: local business, organization, product, public figure, entertainment or cause. Users can share these pages with friends, who can then share the pages with their friends, exposing the content to a wide network of people well beyond the original user’s own personal contacts.

40. According to Facebook’s “Data Usage Policy,” Facebook collects detailed information about its users, including, *inter alia*, the content they post, type of content they view or engage with, people they communicate with, groups they belong to and how they interact with such groups, visits to third party websites, apps and Facebook partners.

41. Facebook uses this information in a variety of ways with the ultimate goal of “creating engaging and customized experiences for people.” See Facebook Data Usage Policy, available at <https://www.facebook.com/about/privacy/>.

42. Facebook’s computers implement algorithms which utilize the data it collects to suggest friends, groups, products, services and local events, and target ads that will be “as relevant and interesting” as possible to each individual user. This enables Facebook to customize its Services to the specific likes and interests of each of its users.

43. Effectively, Facebook serves as a broker or match-maker between like-minded people, introducing them to one another and to groups and events that they will be interested in based on the information in their user profiles and online activities.

44. Facebook’s algorithms suggest friends based on such factors as friends of friends, group membership, geographic location, event attendance, language, etc. Thus, Facebook purposefully provides users who have expressed an interest in the “Knife Intifada” or stabbing

Jews, by joining groups or attending events with those themes, with friend suggestions of other like-minded people, and thereby helps to build large groups of people sharing and cultivating similar bigoted hatreds and murderous inclination.

45. Similarly, Facebook purposefully suggests groups and events promoting and inciting intifada, Jew killing, stabbing, etc. to users who have liked and shared pages on those subjects, joined similar groups, and/or attended similar events.

46. Facebook also purposefully encourages users intent on Intifada and murder to attend relevant events in the user's geographical area, such as riots and rallies inciting the killing of Jews, by providing notifications of such events being attended by the user's friends, group members or taking place in the user's vicinity.

47. These types of suggestions may appear in a user's newsfeed or on the side margins of their page. Each time a user logs in, Facebook also provides "notifications" about friend, group and event suggestions.

48. Facebook's algorithms move posts that are likely to be of interest and garner likes, shares, and comments, to the top of a user's newsfeed so that a person who has been vocal in supporting Intifada and incitement will be flooded with those types of posts upon logging into Facebook.

49. When a user clicks on a video clip through Facebook, a box appears on the page recommending other similar videos. Thereby, Facebook purposefully directs users who have viewed "how to" videos on stabbing Jews to other similar videos promoting violence against Jews.

50. Facebook's targeted advertising algorithms enable all kinds of advertisers, whether for commercial products, business services or causes to reach the most interested audiences. Advertisers are able to target their ads by key words and interests, including such words as "Hamas," which could reach hundreds of thousands of people interested in terrorism against

Israelis. In addition, through “remarketing” and conversion pixels, Facebook allows outside advertisers to target Facebook ads to users who have visited the advertisers’ webpages in the past. Thus, if a user has visited the webpage of an entity that supports Intifada or violence against Jews, that person will then receive ads in their Facebook feed from those websites.

51. Through its algorithms, Facebook’s purposely and intentionally disseminates hateful, criminal incitement, including commands to murder Israelis and Jews to those most susceptible to that message, and who most desire to act on that incitement.

52. By facilitating, encouraging, and brokering the connections between and among these terrorist organizations and hundreds of thousands of individuals and organizations who have indicated through their Facebook pages that they sympathize with the terrorist-cause, Facebook thus facilitates murder, injury and other damage to countless innocent victims and their property and businesses.

53. Facebook facilitates and supports this new wave of Palestinian terrorists and would-be terrorists who are disseminating incitement in the form of orders and instructions to commit murder against Jews and Israelis via social media platforms.

54. Nevertheless, Facebook continues to provide services to those promoting incitement, despite that the incitement has actually led to Terror Attacks and caused death and injury to Israelis.

Facebook Has the Ability to Monitor and Stop This Incitement

55. The same algorithms that allow Facebook to make matches between people of similar interests allow Facebook to flag, review, and remove content that calls for terrorism and offers training and instruction to terrorists.

56. Indeed, upon information and belief, Facebook regularly removes hate-speech and “fighting words” material and regularly monitors its website for pornographic materials which are removed immediately.

57. While the *Communications Decency Act of 1996*, 47 U.S.C § 230, declares that certain providers and users of interactive computer services who publish information provided by third parties from being considered the speaker or publisher of such information, Facebook’s active involvement in making connections between its users, as outlined above, renders it as far more than a neutral and passive bulletin board for information provided by others. Its active role in making connections between terrorist inciters and terrorists, leading to murder, requires that it be held accountable for its actions.

AS AND FOR A FIRST CAUSE OF ACTION

NEGLIGENCE

(Under the Law of the State of Israel)

58. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

59. Pursuant to CPLR § 4511(b) plaintiffs hereby give notice of their intention to request that the Court takes judicial notice of the law of the State of Israel.

60. Causes of action in tort in Israeli law are codified in the Civil Wrongs Ordinance (New Version) - 1968 (hereinafter “CWO”).

61. The CWO provides that any person injured or harmed by the civil wrongs (i.e. torts) enumerated in the CWO is entitled to relief from the person liable or responsible for the wrong.

62. CWO § 35 creates a tort of Negligence.

63. Under binding precedent of the Israeli Supreme Court, the tort of Negligence also includes intentional and/or reckless conduct.

64. CWO § 35 provides that a person is liable for the tort of Negligence when he commits an act which a reasonable and prudent person would not have committed under the same circumstances; or refrains from committing an act which a reasonable and prudent person would have committed under the same circumstances; or, in the performance of his occupation, does not use the skill or exercise the degree of caution which a reasonable person qualified to act in that occupation would have used or exercised under the same circumstances, and thereby causes damage to another person toward whom, under those circumstances he is obligated not to act as he did.

65. CWO § 36 provides that the obligation stated in the last sentence of § 35 is toward all persons, to the extent that a reasonable person would have under the same circumstances foreseen that, in the ordinary course of events, they were liable to be injured by the act or omission.

66. By providing Services that facilitate, encourage, and broker the connections between and among Palestinian terrorist organizations and hundreds of thousands of individuals and groups who have indicated through their Facebook pages that they sympathize with the terrorist-cause, defendant Facebook has performed acts which a reasonably prudent person would not have committed under the same circumstances, within the meaning of the CWO.

67. Defendant did not, in the performance of its occupation, use the skill or exercise the degree of caution which a reasonable person qualified to act in that occupation would have used or exercised under the same circumstances, within the meaning of the CWO, in that, *inter alia*, Facebook enables terrorists to spread their murderous plans and incite and instruct others to carry out such plans.

68. Defendants acted negligently in connection with the plaintiffs, toward whom, in the circumstances described herein, defendants had an obligation not to act as they did. Defendants were obligated not to act as they did because a reasonable person would, under the same

circumstances, have foreseen that, in the ordinary course of events, persons such as plaintiffs were liable to be harmed by the acts of defendants described herein.

69. The behavior of defendants constitutes Negligence under the CWO, and that negligent behavior is the proximate cause of the plaintiffs' harm described herein.

70. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

71. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

72. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A SECOND CAUSE OF ACTION

BREACH OF STATUTORY DUTY

(Under the Law of the State of Israel)

73. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

74. Pursuant to CPLR § 4511(b) plaintiffs hereby give notice of their intention to request that the Court take judicial notice of the law of the State of Israel.

75. CWO § 63 creates a civil wrong of Breach of Statutory Duty defined as the failure to comply with an obligation imposed under any "enactment," if the enactment is intended for the benefit or protection of another person, and if the breach of the enactment caused that person damage of the kind or nature intended to be prevented by the enactment.

76. Under Israel's Interpretation Ordinance (New Version), and "enactment" within the meaning of the CWO is defined to mean "every law and every regulation," while the terms "law"

and “regulation” are defined in turn as acts of the Knesset (Israel’s parliament) and of “any authority in Eretz Israel [Hebrew: Land of Israel] or in Israel,” respectively.

77. CWO § 63(b) provides that for the purpose of CWO § 63, an enactment is deemed to have been enacted for the benefit or protection of a specific person, if it is intended for the benefit or protection of that person, or for the benefit or protection of persons in general, or of persons of a category or definition to which that specific person belongs.

78. Defendant Facebook breached and failed to comply with obligations imposed upon it by numerous enactments, which were intended for the benefit and protection of persons in general, and for the benefit and protection of persons of the type, category and definition to which plaintiffs and the decedents belong, within the meaning of the CWO.

79. The statutory obligations breached by defendant Facebook include, without limitation, the provisions of the following enactments:

- a) Sections 1 and 4 of Israel’s Prevention of Terrorism Ordinance, 5708-1948 (which criminally prohibit the publication of praise, support, calls for support for terrorist organizations);
- b) Sections 134, 136, 144 and 145 of Israel’s Penal Law 5737 – 1977 (which criminally prohibit all forms of incitement to violence or terror).

80. The conduct of Defendant Facebook described herein breached the enactments listed above, despite the fact that Defendant Facebook’s conduct did not take place in Israel, because Israel has extraterritorial criminal jurisdiction over crimes against the security of the State of Israel and over crimes against the lives and persons of Israeli citizens as such, pursuant to § 13 of Israel’s *Penal Law, 5737 -1977*

81. All of the enactments listed above are intended for the benefit and protection of persons in general, for the specific benefit and protection of innocent civilians such as the

plaintiffs, in that all of the statutory enactments listed above are intended to protect all such persons from terrorist attacks and from all the damages which terrorist attacks are liable to inflict.

82. Similarly, the terrorist individuals and organizations who use Facebook to disseminate their hate filled Incitement targeting plaintiffs are in breach of statutory duty for violating Sections 1 and 4 of Israel's Prevention of Terrorism Ordinance, 5708-1948 and Sections 134, 136, 144 and 145 of Israel's Penal Law 5737 – 1977. Defendant Facebook aids and ratifies these breaches of statutory duty in violation of CWO § 12, by providing Services that enable the terrorist Incitement to be distributed to hundreds of thousands of individuals and groups who have indicated through their Facebook pages that they sympathize with the terrorist-cause.

83. Defendant Facebook's breach of its statutory obligation and aiding and ratifying the breaches of statutory obligation by the terrorists who use Facebook is the proximate cause of the harm to the plaintiffs, which is among the kind and nature of damages intended to be prevented by the statutory enactments which were breached by Facebook.

84. Pursuant to CWO § 15, defendant is also vicariously liable for the breaches of statutory duty of the terrorists who disseminate wrongful Incitement to terror through defendant's website because defendant negligently enters into contracts with these terrorists knowing that they are intent on using defendant's services to spread their hateful and murderous Incitement targeting plaintiffs and defendants ratified this Incitement by allowing these terrorists to use defendants' services to attract followers for their unlawful purpose of killing Jews.

85. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

86. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

87. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A THIRD CAUSE OF ACTION
VICARIOUS LIABILITY
(Under the Law of the State of Israel)

88. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

89. Defendant knowingly and intentionally provides services that broker the connections between and among Palestinian terrorist organizations and hundreds of thousands of individuals and groups who have indicated through their Facebook pages that they sympathize with the terrorist-cause and wish to carry out Terrorist Attacks.

90. Vicarious Liability principles are recognized in §§ 12 and 15 of the CWO.

91. Section 12 of the CWO which provides that a person who participates in, assists, advises or solicits an act or omission, committed or about to be committed by another person, or who orders, authorizes, or ratifies such an act or omission, is liable for such act or omission.

92. Defendant knowingly and intentionally assists terrorists to spread incitement to murder Jews through its website, knowing that Terror Attacks and the harm to plaintiffs described herein will be the result of such conduct.

93. Section 15 of the CWO provides that a person may be liable for the acts or omissions of a party with whom he contracts if he, inter alia, was negligent in selecting the contractor, authorized or ratified the acts of the contractor, or if the contract was entered into for an unlawful purpose.

94. Defendant negligently enters into service contracts with terrorists who desire to murder Jews and who use such services to spread their hateful, murderous and criminal incitement

targeting plaintiffs herein, knowing that Terror Attacks and the harm to plaintiffs described herein will be the result of such conduct. By allowing terrorists to use its services for such unlawful purposes, defendant ratifies the conduct of these terrorists.

95. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

96. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

97. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein

AS AND FOR A FOURTH CAUSE OF ACTION
PRIMA FACIE TORT

98. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

99. Facebook provides Services that actively facilitate, encourage, and broker the connections between and among Palestinian terrorist organizations and hundreds of thousands of individuals and groups who have indicated through their Facebook pages that they sympathize with the terrorist-cause, knowing and intending that such services will facilitate and enable these terror-seeking users to connect with each other and provide each other with instructions and advice on how to commit Terror Attacks that endanger the plaintiffs herein.

100. As a result of Facebook's services described herein, plaintiffs suffer psychological and emotional harm by being exposed to a constant imminent threat to their personal safety. At least one plaintiff herein has suffered actual physical injury as a result of a Terror Attack carried out with the assistance of Facebook's services and is in critical condition.

101. There is no excuse or justification for Facebook's provision of services to individuals and groups that promote and seek to implement a murderous, terrorist agenda via their networks on Facebook.

102. The services Facebook provides to these terrorist seeking individuals and groups are otherwise lawful.

103. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

104. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

105. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A FIFTH CAUSE OF ACTION
INTENTIONAL INFLICTION OF EMOTIONAL DISTRESS

106. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

107. Defendant's conduct is willful, outrageous and dangerous to human life, and violates applicable criminal law, all international standards of civilized human conduct and common decency.

108. Defendant's intended to, and did in fact, terrorize the plaintiffs, and cause them egregious emotional distress. As a result and by reason of the Incitement disseminated to masses of terrorist sympathizers through the services Facebook provides, plaintiffs are being subjected daily to an imminent threat of Terrorist Attacks and suffer terror and severe mental and emotional anguish, including real fear for their personal safety and security.

109. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

110. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

111. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A SIXTH CAUSE OF ACTION
DECLARATORY JUDGMENT
(Aiding and Abetting a Tort)

112. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

113. The incitement on Facebook has directly led to Terror Attacks in which Israelis have been killed and injured.

114. Such Terror Attacks constitute an assault and battery on the person of plaintiffs. They constitute assault because they cause plaintiffs fear and apprehension of harm and death. In addition, to the extent any of plaintiffs have personally been targeted in a Terror Attack, such intentional, harmful physical attacks on plaintiffs also constitute a battery on plaintiffs. Indeed Plaintiff Richard Lakin suffered and continues to suffer actual physical harm as a result of a Terror Attack.

115. Facebook substantially assists the terror networks, by providing services that facilitate, encourage, and broker the connections between and among Palestinian terrorist organizations and hundreds of thousands of individuals and groups who have indicated through their Facebook pages that they sympathize with the terrorist-cause, knowing and intending that such services will facilitate and enable these terror-seeking users to connect with each other and provide each other with instructions and advice on how to commit Terror Attacks that endanger

the plaintiffs herein. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

116. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

117. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A SEVENTH CAUSE OF ACTION
DECLARATORY JUDGMENT
(Civil Conspiracy)

118. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

119. Defendant Facebook's services are provided to its users, including the terrorists responsible for the incitement to commit Terror Attacks discussed herein, pursuant to agreements, express and implied, including Facebook's terms and conditions to which all Facebook users must consent.

120. At all relevant times, defendant Facebook knew that those users posting incitement to commit Terror Attacks were utilizing defendant's Services in order to direct their murderous Incitement to the widest possible audience of individuals most likely to act upon it.

121. At all relevant times, defendant Facebook knew that providing services to these terrorist individuals and groups likely would result in Terrorist Attacks targeting plaintiffs, causing the harm to plaintiffs set forth herein.

122. Accordingly, by providing services to individual terrorist and terrorist organizations the purpose of which is to direct the murderous Incitement of these terrorists to those

who most desire to act upon it through defendant's website, defendant Facebook knowingly and intentionally conspired, agreed and acted in concert with the individual terrorists and terrorist organizations that use its services to promote their murderous incitement targeting plaintiffs in a common plan and design to facilitate and cause harm to plaintiffs through Terrorist Attacks, including severe psychological and emotional distress, physical injury and death.

123. Plaintiffs harm is proximately caused by the incitement on defendants' website which directly results in Terrorist Attacks.

124. Facebook's conduct is ongoing, and continues to cause damage to the plaintiffs.

125. The nature of the damage that the Facebook's conduct causes to the plaintiffs is such that no amount of money damages can make the plaintiffs whole, and the plaintiffs therefore have no adequate remedy at law.

126. By reason of the foregoing, the plaintiffs are entitled to an injunction barring Facebook from engaging in conduct as alleged herein.

AS AND FOR A EIGHTH CAUSE OF ACTION

DECLARATORY JUDGMENT

(47 U.S.C. § 230)

127. Plaintiffs repeat and re-allege each of the foregoing allegations with the same force and effect as if more fully set forth herein.

128. Title 47 U.S.C. § 230(c)(1) provides that "No provider or user of an interactive computer service shall be treated as the publisher or speaker of any information provided by another information content provider."

129. Facebook is not merely a "publisher or speaker" with regard to the incitement described herein, which consists of graphic videos and images explaining how to carry out a Terror Attack, create weapons and choose victims and specific orders and directives to go out and stab

and slaughter Jews. Facebook's role goes far beyond serving as a mere bulletin board or platform for speech. Rather, Facebook actively makes introductions between those who incite to murder and mayhem, and those who are interested in committing murder and mayhem. By facilitating connections between and among terrorist organizations and people who incite, encourage, and train people to commit terrorism, and individuals and groups who have expressed through their Facebook pages that they support or are inclined to commit terrorism, defendant Facebook actively assists the inciters to find people who are interested in their hateful messages of fighting words. Figuratively speaking, Facebook is introducing the people who scream "fire" in a crowded theater to arsonists, or jealous spouses to professional hit men. Just as "fighting words" are not protected speech, Facebook's conduct is indefensible

130. Moreover, the type of instructional material and specific calls to murderous action that comprise the incitement is not "information" within the meaning of 47 U.S.C. § 230(c)(1).

131. Interpreting this statute in a way that would grant Facebook blanket immunity from claims of plaintiffs who suffer real and imminent danger as a result of incitement to Terror Attacks made more effective through Facebook's services would be an overly broad application of this statute.

132. In enacting § 230, Congress stated its finding that "interactive computer services offer a forum for a true diversity of political discourse, unique opportunities for cultural development, and myriad avenues for intellectual activity. § 230(a)(3).

133. At the same time, Congress stated its policy "to ensure vigorous enforcement of Federal criminal laws to deter and punish trafficking in obscenity, stalking, and harassment by means of computer." § 230(b)(5).

134. Hate speech, calls to murder people based on their religion, and incitement to commit terrorist acts are all outside the realm of "political discourse...cultural development, and

...intellectual activity,” § 230(a)(3), and are plainly within the realm of “obscenity, stalking, and harassment,” § 230(b)(5)

135. Any interpretation of § 230 must be built on the foundation of the findings and policies expressed by Congress in enacting it, which were plainly to encourage the traditional “free marketplace of ideas” that is the cornerstone of American democracy, not murder and terrorism, which is the exact opposite of that vaunted American ideal.

136. The law of all 50 states and federal law has long recognized a distinction between speech which is free and cannot be regulated and “fighting words” or incitement to riot, murder, and mayhem that can be regulated and even criminalized. Congress did not preempt or override this distinction in enacting § 230.

137. State laws prohibiting the dissemination of hate speech, calls to murder, obscenity, stalking or harassment are not superseded by § 230.

138. Neither are laws that prohibit or punish incitement to riot, calls to violence, or orders to kill or injure, superseded by § 230.

139. The laws of foreign states, such as the State of Israel are not preempted or superseded by § 230.

140. By reason of the foregoing, plaintiffs are entitled to a declaratory judgment finding that 47 U.S.C. § 230 does not grant immunity to Facebook for the claims alleged herein.

REQUEST FOR INJUNCTIVE RELIEF

141. Plaintiffs repeat and re-allege the foregoing allegations with the same force and effect as if more fully set forth herein.

142. Facebook’s failure to immediately remove the inciting content, which includes orders, directives, instructional videos and images with one singular message – to attack and kill Jews – directly contributes to the spread of violence and leads to new Terror Attacks every day.

143. Moreover, Facebook has the ability to monitor these inciting posts in the same way it monitors for hate speech and pornography.

144. By failing to immediately remove Incitement and monitor its website for Incitement, Facebook is in violation of Israeli law as alleged herein.

145. Facebook's failure to act has already caused and will continue to cause plaintiffs irreparable injury by forcing them to live in constant fear for their personal safety and security and subjecting them to an imminent threat of harm.

146. Plaintiffs do not have a plain, speedy and adequate remedy in the ordinary course of law.

147. Accordingly, an injunction should issue enjoining Facebook to (a) immediately remove all pages, groups and posts containing incitement to murder Jews; (b) and to actively monitor its website for such incitement that all incitement is immediately removed prior to being disseminated to masses of terrorists and would-be terrorists; and (c) cease serving as match-maker between terrorists, terrorist organizations, and those who incite others to commit terrorism.

WHEREFORE, the plaintiff demands judgment against the defendants in the amounts and for the relief requested herein, plus attorney's fees to the extent permitted by law.
