COMPLAINT

COMES NOW Plaintiff All Star Remodeling, LLC d/b/a All Star Roofing and brings a civil action against the Defendants seeking damages pursuant to Tennessee law and common law for trade name and trademark infringement, violations of the Tennessee Consumer Protection Act and civil conspiracy.

1. Plaintiff ALL STAR REMODELING, LLC d/b/a ALL STAR ROOFING is a limited liability corporation formed and doing business pursuant to Tennessee law with its principle place of business in Rutherford County, Tennessee.

2. Defendant YP ADVERTISING & PUBLISHING, LLC d/b/a YELLOWPAGES.COM (hereinafter referred to as "YP") is a foreign corporation formed under the laws of Delaware and lawfully doing business in the State of Tennessee with its principle place of business located at 2247

Northlake Pkwy, Tucker, GA 30084-4005 and can be served through its registered agent, to wit: Corporation Services Company, 2908 Poston Ave, Nashville, Tennessee 37203-1312.

3. NETWORKX SYSTEMS, LLC d/b/a CONTRACTORLINK.NET (herein referred to as “Networx”) is a foreign corporation formed under the laws of Delaware and lawfully doing business in the State of Tennessee with its principle place of business located at 1203 16th St., Suite B, Wheatland, WY 82201 and can be served through its registered agent, to wit: Celeste Kumelos, 1203 16th St., Suite B, Wheatland, WY 82201.

4. GOOGLE, INC. (hereinafter referred to as “Google”) is a foreign corporation formed under the laws of California and lawfully doing business in the State of Tennessee with its principle place of business located at 1600 Amphitheatre Parkway, Mountain View California and can be served through its registered agent, to wit: Corporate Service Company, 2908 Poston Avenue, Nashville, TN 37203.

5. Venue and jurisdiction are proper in this Court.

6. All Star Roofing is owned and operated by Steven Morgan, who has been in the roofing business since 1998 and enjoys an excellent reputation in the Middle Tennessee area. All Star Remodeling, LLC is a registered limited liability corporation in the State of Tennessee and the assumed name of All Star Roofing is registered with the State of Tennessee. The trade name and trademark “All Star Roofing” has been registered with the State of Tennessee since 2008. All Star Roofing has engaged in a pervasive advertising and marketing campaign and has utilized television, radio, internet, newspapers and telephone books to advertise its business. Such advertising efforts in tandem with its strong business presence has resulted in the trademark and trade name “All Star Roofing” being distinctive and famous in the Middle Tennessee Area.

7. Defendant YP is an online business directory. YP holds itself out to be the “leading local marketing solutions provider in the U.S. dedicated to helping local businesses and communities grow”. According to YP’s website, “Formerly AT&T Interactive and AT&T Advertising Solution, YP launched May 2012, bringing the two companies together.” The website also asserts, “Connecting consumers with businesses when they’re ready to buy is what YP is all about, and we’ve been doing this for over 100 years. YP solutions include online presence, local search, display advertising, direct marketing, and print direct directory advertising.”

8. Upon information and belief, Networx has been in business since 2005 and is in the business of generating leads for home improvement contractors. According to Networx’s website, “Networx Systems is a lead generation company, designed to help home improvement contractors grow their businesses by putting them in contact with homeowners looking for work, with the hope this will lead to contractors landing jobs and seeing returns on investment.” Networx asserts it is a unique lead generation company because it works on a subscription-based model whereby the contractor pays a flat, monthly fee and contractors are not charged on a per lead basis like other companies.

9. Networx asserts on its website, “Networx offers contractors the ability to capture internet traffic without having to invest thousands upon thousands of their own dollars into high-maintenance website or high-maintenance advertising, where you pay-per-click or per-view. Networx takes the risk out of advertising online. When a consumer searches Google for a contractor in their area, Networx.com, with its list of thousand of qualified contractors, is often at the top of the page. Networx brings in the leads, and all contractors need to pay, is a flat, monthly rate.” Upon information and belief, Networx uses the name and does business as Contractorlink.net and/or owns

the website.

10. Google, Inc. owns and operates an internet search engine which allows users to search the internet for websites or content with the use of words or phrases. Google employs an advertising platform titled AdWords which permits sponsors to purchase keywords that trigger the appearance of the sponsor's advertisement and link when the keyword is entered as a search term.

11. In or about 2006, All Star Roofing entered a contract with YP regarding advertising its business and generating business for All Star Roofing. At such time, upon information and belief, YP had actual knowledge of All Star Roofing's protected trade name and trademark.

12. Upon information and belief, before August of 2015, YP, Networx and Google entered into a business relationship and formed a common design and plan pursuant to which if a consumer searched for a roofing contractor by name on the YP.com website, links to either ContractorLink.net or Networx.com would be presented at the top of the page as a "sponsored link" unlawfully using the contractor's trade name. Such "sponsored link" was generated by YP and/or Google. Once an individual clicks on one of these links, the individual would be directed to ContractorLink.net or Networx.com and the individual would be prompted to provide information related to the individual's specific needs. Such a lead then would be provided to a contractor which was not affiliated with the contractor with whom the consumer was originally seeking to do business. Thereafter, such contractor would attempt to contact the consumer. Upon information and belief, to ensure the maximum effectiveness of their scheme, YP and/or Networx and/or Google specifically targeted roofing companies with prominent names, such as All Star Roofing, by purchasing, selling and/or using such keywords.

13. In or about August of 2015, Steven Morgan visited the YP website and searched his

trade name “All Star Roofing”. As a result a “sponsored link”, which was generated by Google, appeared at the top of the search results bearing the name “All Star Roofing” and a website link titled “allstar.contractorlink.net/Roof”, which was not a link to All Star Roofing’s website. Thus, Mr. Morgan accessed the link and was directed to ContractLink.net. Mr. Morgan then entered in the requested information and thereafter he received a phone call from Music City Roofing, with which Mr. Morgan has no affiliation. Further, Mr. Morgan was contacted by Networx shortly thereafter confirming he had been contacted by Music City Roofing pursuant to his website query.

14. In or about August 2015, Mr. Morgan contacted his YP representative and advised of the unlawful use of his trade name. In or about November 2015, YP was sent a letter from legal counsel for All Star Roofing regarding its infringement of the All Star Roofing trade name and/or trademark and the request was made to cease and desist such infringement. YP failed to respond. At the time of filing this Complaint, the Defendants continue to use the trade name “All Star Roofing” in violation of Tennessee Law. Such actions of the Defendants are intentional, fraudulent, reckless and/or malicious.

15. Upon information and belief, the Defendants marketing plan and advertising consisted of utilizing the good will and name of Plaintiff’s business and doing so by pervasive marketing and advertising in the same geographic area as Plaintiff operates.

16. As a result of the actions of the Defendants as set forth herein, prospective customers of Plaintiff were re-directed to do business with Defendants, which directly impacted Plaintiff’s revenue and diluted the Plaintiff’s registered trade marks and/or trade name. As a direct and proximate result of Defendants actions as set forth herein, Plaintiff suffered economic and non-economic damages, including, but not limited to, loss of revenue.

Unless this Court enjoins Defendants' actions, Plaintiff will continue to suffer irreparable injury to its intellectual property rights and the erosion of its long standing goodwill.

Additionally, because of the willful nature of Defendants' violation, this cause is exceptional, entitling Plaintiff to an award of attorney's fees.
