**II. Basis for Jurisdiction**

Federal Courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in Federal Court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one state sues a citizen of another state or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same state as any plaintiff.

What is the basis for Federal Court jurisdiction? *(check all that apply)*

**Ms. Akika Parker vs. Facebook & Yahoo**

**Facebook Recovery**

Ms. Parker is not able to access her Facebook, due to a phone hacking situation. She tries Facebook in several various modes and on various technologies; computer, phone, and tablet. Ms. Parker is not able to recover her Facebook. Her Facebook is first started as a personal, and eventually she does business through it. Ms. Parker tries to rearrange things and up display family photos, family listings, etc. Ms. Parker is made aware of online Facebook threats. Ms. Parker also cannot and doesn't want to deactivate her Facebook account. This is her personal space with various contacts and she does business through it. Ms. Parker is not able to recover her password with any of the various recovery options.

There is a password machine known to man, its uber expensive and something that Facebook and others should be required to have, by law. Facebook has no helpful password recovery option.

Facebook, along with Yahoo. This non password situation now poses a situation with Ms. Parker and she has reached out to Facebook several times and gotten no response and believe it as unacceptable. Ms. Parker is not answered caused punitive safety damages for her and potential other. Either way it goes Ms. Parker points out a major flaw in the Facebook, believe they may create this feature in which she is to be paid, but it needs to also be a part of their policy and something that customers agree to upon sign up for the social media site, and should remain a part of policy in one of their hidden business tabs.

Facebook has had issues with privacy and photo privacy in the past, however password recovery issues haven't ever been brought to their attention so it seems. Ms. Parker believes that an emergency password release is needed for people who have been hacked and have lost permits toy their Facebook page access. Ms. Parker deems the very same complaint with Yahoo's recovery. They gave her the run away, and to the things Ms. Parker absolutely knows or doesn't. There should be an identity verification

process one is able to go through to be able to gain access to their account. Maybe finger print access, past 3 addresses, past 3 phone numbers, or even photo recognition! Ms. Parker has not been able to recover her passwords to either.

Facebook is now, one of... If not the largest Social Media resource in the world! Even the smaller brands like Instagram and Snapchat are also created through the Facebook umbrella! Facebook is not responsible for anyone's safety! However being hacked and not being able to log in to your Facebook, business account, and not being able to reach support to even deactivate the account is at pretty major and at part the fault of Facebook.

Facebook I believe needs such a feature to detour hackers, beef up security, accuracy, detour face page makers, and to make Facebook more of a reliable source entity. This I believe maybe one of the last and major features the Facebook is missing and needs to be totally complete; Password Recovery and Exclusive/ Reliable Tech Support. Its set up to be workable! The security however needs work. Hackers should not be able to hack into others Facebook! However hackers can crash an Apple! The password recovery is absolutely necessary. Ms. Parker needs access to her business page of her Facebook.

### Yahoo Recovery

Yahoo password recovery like Facebook's needs a bit of work. Once you've gone through the Facebook steps you are then routed to one of the various email hosts. Ms. Parker's is Yahoo. Her Yahoo account is seemingly locked. She doesn't have access to her old phone. None of her information is updated in Yahoo's system. They have no more options for her, and she has complied with all of their recovery info and still has yet to be able to recover her Yahoo account. This is unacceptable and punitive to the Yahoo using community. Yahoo should have a better password recovery by now! Ms. Parker isn't sure of their process however, hasn't seen any improvements in the account recovery department.

Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages.
