## FOREWORD

Richard H. Chambers\*

The SANTA CLARA LAWYER is a good law review, and in your Tenth Anniversary year, in behalf of the Judges of the Ninth Circuit, I congratulate you on its consistent excellence. It reflects a dedicated, able, editorial board and faculty.

You operate in an over-crowded field of college publications. So, it seems to have been an unusually happy choice over the years that you have pointed the SANTA CLARA LAWYER at California law. In the California field, your chosen ground, each one of your issues is very valuable.

You have recently lost a noble man, Dean Leo A. Huard. Beset, in his later years, by physical torment beyond the suffering capabilities of most of us, he never flagged in his devotion to the law or the school he loved. It seems a wonderful coincidence that the SANTA CLARA LAWYER, Volume 9, No. 2, published only a few months before his death, has his lead article on "The Roar, The Whine, The Boom and The Law: Some Legal Concerns About the SST." It exemplifies so well his spirit: That even in his personal bedevilment he never ceased to look forward.

You and I have lost a grand friend.
