Dear Prof. Eric Goldman

I thank the Lord Jesus for this opportunity of writing to you. I am an orphan girl aged 19 years and the eldest in our family of five children all below 13 years. Father died of AIDS disease and left the family responsibility to mother who is also an HIV victim because she has also developed symptoms of AIDS. She has lost weight, bed ridden and has wound scars all over the body.

I am in the last stage of my garment training and Art course but mother has no money (school fees) to pay to the institute to enable me complete my course and get a certificate. Since mother has no money and if she happens to die, I am likely to takeover the very poor young family responsibility she is seriously sick with AIDS. As an the eldest, I would like to prepare myself for this imminent responsibility. I therefore request you humbly and kindly to sponsor my course which am about to finish. When I get my certificate chances of getting a job are at times bright.

I need help of \$ 1540 for the completion of my course. I will be very grateful for your faster parental care responsibility and financial help rendere. God bless you and I look forward to hear from you,

Yours sincerely

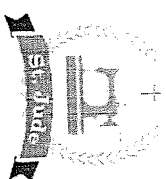

Margret Mukkazi Mubiru
